

Hydraulic Oil

- Maximum pump volumetric efficiency
- Maximum internal heat transfer.
- Prevents pump cavitation.
- Additives prevent rust, oxidation and sludge.
- High viscosity index.
- Maximum film protective lubricity.
- The 20 litre can has a screwed re-useable top pullout funnel with inbuilt filter. Easy pouring.
- The pullout funnel can be pushed back for safe closing during storage.

Contents	Model Number	Use only Genuine OEW Hydraulic Oil
5 Ltrs.	OEW - 005 L	
20 Ltrs.	OEW - 020 L	

OIL SPECIFICATION CHART	
Viscosity Index	106 min.
Viscosity at 100°	5.0 - 5.5 mm ² / sec.
Viscosity at 40° C	32 mm ² / sec.
Viscosity at 0° C	340 mm ² / sec.
API Gravity	32
Flash, C.O.C.°C	210
Pour Point, ° C	-33
Aniline Point, ° C	120
Paraffinic Base Colour	Clear Transparent

Note : The right to change any specification without notice is reserved because of constant R&D and product upgradation.
